Portfolio

SUMMARY

Data Analyst skilled in Python, SQL, Excel, and Power BI with experience in data cleaning, EDA, visualization, and predictive modeling. Adept at transforming raw data into actionable business insights.

SKILLS

Programming: Python, SQL

Data Analysis: Data Cleaning, EDA, Feature Engineering

Visualization: Excel (Pivot Tables, Charts), Power BI, Matplotlib

Machine Learning: Linear Regression, Scikit-learn

Tools: Excel, GitHub, Jupyter Notebook

Soft Skills: Team Collaboration, Peer Training & Mentorship, Cross-functional Communication

PROJECTS

Manufacturing Output Prediction System

2026

Python, Scikit-learn, Pandas

- Built a predictive analytics model using Python and Scikit-learn to forecast manufacturing output using 17 operational features and 1,000+ records.
- Performed data cleaning, feature engineering, and EDA to identify key efficiency drivers and improve operational insights.
- Achieved 90% R^2 score and delivered data-driven recommendations for process optimization.

IPL Analytics Dashboard (2008-2026)

2026

Excel Pivot Tables, Pivot Charts, Slicers, KPI Dashboards

- Developed an interactive IPL analytics dashboard using Excel with Pivot Tables, Charts, and Slicers.
- Analyzed team performance, player statistics, and match trends across 18 seasons with dynamic filtering.
- Built KPI dashboards to visualize wins, venues, toss decisions, and player performance.

EXPERIENCE

Data Science and Machine Learning Intern

Jan 2026 – May 2026

International Institute of Medical Science & Technology Council (IIMSTC)

- Optimized data pipelines by utilizing Pandas and NumPy to clean complex medical datasets, applying statistical data imputation techniques to improve modeling reliability.
- Engineered predictive analytics solutions using Linear Regression models, delivering data-driven insights that enhanced performance estimation and decision-making accuracy.
- Collaborated actively in an agile team environment, and took the initiative to design a documentation guide to train incoming interns on the end-to-end machine learning workflow.

EDUCATION

B.E. Computer Science (CGPA: 8.7)

2022 – 2026

East West Institute of Technology

Bengaluru, Karnataka

CERTIFICATIONS

SQL for Beginners

2024

Data Science with Python

2024
